

## Shakedown of the new LIGIER JS P4

**Boris Miljevic and Onroak Automotive completed the first shakedown of the new Ligier JS P4 prototype at Circuit de Nevers Magny-Cours test circuit in France.**

Boris completed the first shakedown of the new Ligier JS P4, which is the first customer produced and delivered JS P4 by Onroak Automotive. With an exceptional performance, quality and safety ratio, the Ligier JS P4 is a racing car with a closed cockpit and a carbon monocoque. It complies with the FIA 'Formula Free' category regulation. The Ligier JS P4 aims at introducing people to driving and running a sports prototype. Eligible for different national series and endurance events like the V de V Endurance Series or the Creventic 24H Proto Series, the Ligier JS P4 can also be used at track days.

With the JS P4 the company "KNIGHT CONNECTION" (Paris, France / Dubai, UAE) and team "PRODRIVER MOTORSPORT" (Banja Luka, BIH) have entered the full season of the GULF SPORTSCAR CHAMPIONSHIP 2018/2019 under the team name "Knight Connection by Prodriver". The brand new LIGIER JS P4 prototype will have its world premier on December 6th and 7th at the Dubai Autodrome.

Driver lineup at the Ligier JS P4 debut is G. PETIT (FRA) and B. MILJEVIC (BIH).
